

Loading: utilize safe lifting practices if loading by hand, keeping all body parts out from under the stock box at all times. If lifting by other means use appropriately rated lifting equipment and stay clear of the stock box. Once the stock box is loaded secure the stock box in the vehicle.

All gates and doors must be secured before hauling the stock box. Keep all parts of your body clear of path of gates, doors and other movable parts.

DO NOT weld on or drill holes into the stock box indiscriminately; this can cause structural failure.

General Cleanliness: Promptly remove all manure, chemicals and debris from all surfaces of your stock box to preserve its appearance and to minimize chances of deterioration.

Cleaning Exterior Surfaces:

Mild discoloration of aluminum surfaces may be removed at a car wash. To enhance the brilliance of aluminum surface or to remove stubborn stains, acid wash your stock box at a truck wash.

Lighting:

Every time the trailer electric circuit is connected, check the function of all lights. When a light fails to function, find the cause and make all necessary repairs.

MANUFACTURER'S WARRANTY

Stock Box from Hillsboro Industries

Hillsboro Industries (HI) warrants the main frame of its stock box against structural failure for ten (10) years from the date of purchase by the original owner. This includes weld failures and failure of tubes in the side walls. All other stock box components manufactured by HI are warranted for one (1) year from the date of purchase.

Warranty on any HI product used by the customer in the transportation of goods for compensation or in rental enterprises will be one-half of the above-stated length.

This warranty applies to the original owner only.

Hillsboro Industries will not be responsible for any damage caused by the abuse, misapplication or misuse of their products.

Any part or workmanship, subject to this warranty, if defective, as determined solely by HI, will be repaired or replaced, at the option of HI, without charge. Photos may be required by HI to assess extent of damage. If repairs or replacements are made at a location other than HI, reimbursement to the original owner will be made at an amount not to exceed the amount HI would charge for the parts and labor. All parts for warranty consideration must be returned to Hillsboro Industries* freight prepaid. All warranty claims must be filed with HI no later than 30 days after the warranty period expires.

COMPONENTS NOT MANUFACTURED BY HI MAY BE COVERED BY THE WARRANTY OF THEIR RESPECTIVE MANUFACTURERS, BUT ARE NOT COVERED BY THE HI WARRANTY.

HOW TO FILE FOR WARRANTY:

- First contact the selling dealer and process the claim through the dealer.
- Any HI product found to have defective material or workmanship must be serviced or corrected through an authorized HI dealer. All warranties must then be authorized by a Hillsboro Industries factory representative. Hillsboro Industries will not make reimbursements for any repairs and or adjustments made without prior written consent from the HI factory.
- Always provide the HI serial number of the stock box

HI neither assumes nor authorizes any person to create or assume for it any obligation or liability in connection with its products or to undertake any responsibility to any purchaser for representation or warranty made by a dealer beyond those expressly set forth herein.

HI shall not be held liable for consequential commercial damages resulting from any breach of this warranty or any other warranty, all of which are expressly disclaimed, for any delay in the performance of this warranty due to causes beyond its control.

THESE EXPRESS WARRANTIES ARE IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT THAT ANY LIMITATION CONTAINED HEREIN IS PROHIBITED BY ANY STATE OR FEDERAL LAW, SUCH LIMITATION IS VOID.
